

Manuela Cattelan

Associate Professor in Statistics

Contact information

Department of Statistical Sciences, University of Padua
via C. Battisti 241, 35121 Padua, Italy
manuela.cattelan@unipd.it

Research interests

Penalized and pseudo likelihood theory and methods; methods for high-dimensional regression; inferential methods and models for dependent data.

Employment history

- 02/2018–02/2021 Assistant Professor, Department of Statistical Sciences, University of Padua.
- 12/2017–01/2018 Research Fellow, Department of Statistical Sciences, University of Padua.
- 11/2014–11/2017 Assistant Professor, Department of Statistical Sciences, University of Padua.
- 01/2009–10/2014 Research Fellow, Department of Statistical Sciences, University of Padua.
- 03/2004–12/2005 Financial analyst, *Risk Analysis and Management srl*, Padua, Italy.

Education

- 03/2009 PhD in Statistical Sciences, Department of Statistical Sciences, University of Padua.
- 04/2007–12/2007 Visiting Ph.D. student, Department of Statistics, University of Warwick (UK).
- 12/2003 Master's Degree in Business and Economics, Faculty of Economics, University of Padua.

Research Funding

Principal Investigator

- 2021–2022 *A Bayesian nonparametric clustering approach for monitoring sport performances*, Department of Statistical Sciences, University of Padua.
- 2017–2018 *Statistical methods for marker detection with a view to cancer stratification*, Department of Statistical Sciences, University of Padua.
- 2013–2014 *Inferential issues in regression models for dependent categorical and discrete data*, University of Padua.

Member of the research group

- PRIN 2015 *Likelihood-free methods of inference*, Italian Ministry of Education, University and Research.
- 2014–2015 *Neo-Fisherian and Bayesian inference for intractable likelihoods: modern approaches with application in Life Sciences*, University of Padua.
- 2012–2013 *Modern Bayesian and frequentist inference: case studies in biostatistics*, University of Padua.
- PRIN 2008 *New likelihood-based inferential methods for complex statistical models*, Italian Ministry of Education, University and Research.
- PRIN 2006 *Approximate likelihood methods for high-dimensional dependencies*, Italian Ministry of Education, University and Research.

Contributions to conferences

Invited talks

- 14–16/12/2019 *Pairwise likelihood methods for paired comparison models*, ERCIM 2019.
- 14–16/12/2018 *Lorelogram models for spatially clustered binary data*, ERCIM 2018.
- 9–11/12/2016 *Regression approaches for competing risks models with time-dependent covariates*, ERCIM 2016.
- 26–30/08/2013 *Models for dependent paired comparison data*, 18th European Young Statisticians Meeting, Osijek, Croatia.
- 9–14/07/2012 *Hybrid pairwise likelihood estimation of paired comparison data*, 8th World Congress in Probability and Statistics, Istanbul, Turkey.
- 19–21/09/2011 *A Thurstonian model for ranking scientific journals*, 7th Conference on Statistical Computation and Complex Systems, Padua, Italy.
- 29–31/10/2009 *A model for correlated paired comparison data*, ERCIM 2009.

Contributed talks

- 22–26/07/2019 *Plackett models for dependent discrete data*, European Meeting of Statisticians, Palermo, Italy.
- 9–13/07/2018 *Plackett models for longitudinal count data*, XXIX International Biometric Conference, Barcellona, Spain.
- 24–28/07/2017 *(Hybrid) pairwise likelihood inference for Plackett models*, XXXI European Meeting of Statisticians, Helsinki, Finland.
- 5–7/07/2017 *Marginal logistic regression for spatial-clustered binary data*, Spatial Statistics 2017, Lancaster, UK.
- 6–8/12/2014 *Marginal modeling of spatial clustered binary data*, ERCIM 2014.
- 19–22/08/2014 *Maximum simulated likelihood estimation of Thurstonian models*, 21st International Conference on Computational Statistics, Geneve, Switzerland.
- 11–13/06/2014 *Composite likelihood estimation in spatial logistic regression*, 47th Scientific Meeting of the Italian Statistical Society, Cagliari, Italy.
- 14–16/12/2013 *Empirical and simulated adjustments of composite likelihood ratio statistics*, ERCIM 2013.

- 9–11/09/ 2013 *Inference in Thurstonian models for paired comparison data*, 8th Conference on Complex Data Modelling and Computationally Intensive Statistical Methods for Estimation and Prediction, Milano, Italy.
- 8–12/07/2013 *Marginal modeling of dependent paired comparison data*, 28th International Workshop on Statistical Modelling, Palermo, Italy.
- 27–28/06/2013 *Marginal regression analysis of dependent animal behavior data*, X Conference of the SIB, Brixen, Italy.
- 20–22/06/2012 *Limited information estimation methods for paired comparison data*, 46th Scientific Meeting of the Italian Statistical Society, Rome, Italy.
- 13–17/09/2010 *Mixed paired comparisons models*, Royal Statistical Society Conference 2010, Brighton, UK.
- 16–18/06/2010 *A model for correlated paired comparison data*, 45th Scientific Meeting of the Italian Statistical Society, Padua, Italy.
- 15–17/04/2008 *Composite likelihood inference for Bradley-Terry models*, Workshop on Composite Likelihood Methods, Coventry, UK.

Teaching experience

- PhD level *Statistics and Research Methodology*, PhD in *Medicina dello Sviluppo e Scienze della Programmazione Sanitaria*, University of Padua, academic years 2016/17, 2015/16, 2014/15.
- Graduate level *Statistical Methods for High-Dimensional Data*, University of Padua, academic year 2021/22.
Computational Statistics (Advanced), University of Padua, academic years 2020/21, 2018/19.
Data Mining, University of Padua, academic year 2018/19.
- Undergraduate level *Multidimensional Data Analysis*, University of Padua, academic years 2021/22, 2020/21, 2019/20, 2017/18, 2016/17, 2015/16.
Statistics, University of Verona, academic year 2013/14.
Teaching assistant at the University of Padua (Statistics, Statistical Models I, Statistical Models II, Data Analysis, Statistical Quality Control) and at Ca' Foscari University-Venice (Probability, Statistics).
